

# HEALTH

is the  
Most Important

In buying food-products, several things are to be thought of—i. e., Economy, Results, Easy Handling, Reliability, but the most important is Health.

Health means everything. In buying clothes, shoes, hats, furniture, etc., if the buyer is deceived and gets an imitation the only harm is loss of money. In buying food-products, if imitations are supplied, there is not only a loss of money, but perhaps an injury to health—which is beyond price.

Remember these facts when buying baking powder.

#### TRAMP LOGGER KILLED.

Resists Capture and Falls Dead, Pierced by Bullet.

Colfax, Wash., May 3.—As the result of a thrilling man hunt through the woods back of Auburn, Charles Paulson, a tramp logger, from Merrill, Wis., lies in a local undertaking parlor, his abdomen pierced by a bullet fired by a member of the pursuing posse.

Auburn has for many years been infested with a lot of desperate tramps. Yesterday morning four of them went on a spree; about 4 o'clock they passed the farm of J. F. O'Neill and began to strip the boards from the fences. O'Neill interfered and the tramps were defiant and drew a gun on the farmer. Doing so, Mrs. O'Neill rushed upon them, and threw herself between her husband and the tramps, exclaiming: "If you shoot my husband, you have got to shoot me first."

Cries for help were heard and when an officer appeared the tramps took to the woods. A posse divided and searched the woods. Paulson was discovered in an old hiding place of the famous bandit Tracy, and while trying to make his escape, was shot in the back by an officer. He died in three minutes. The other two men were captured.

#### YOUNG GIRL FOUND DEAD.

Twelve-Year-Old Lillian Humes Has Head Blown Off.

Mahanoy City, Pa., May 3.—Mystery surrounds the murder of Lillian Humes, 12 years old, whose lifeless body has been found lying face down-

ward on the kitchen floor at the home of her brother, Harry Humes, engineer for the Mahanoy City Water Company. The top of her head was blown off, and nearby lay a shotgun belonging to a member of the household, with both barrels empty. She was alone in the house. The nearest house is two miles from the Humes' and no one heard the fatal shots. Persons living along the highway, say they saw a stranger hurrying past not long after the probable hour of the murder, but further trace of the man has not been found, although the country is being closely searched.

#### FAVORABLE IN WASHINGTON.

Weather Conditions of Past Week Not So Good in Oregon.

Washington, May 3.—The weather bureau's weekly crop bulletin says:

In California and Oregon weather was unseasonably cool with damaging frosts in Oregon, but in Washington conditions were generally favorable.

Crops have advanced favorably on the Pacific coast, the outlook being exceptionally fine in Washington. Good stands of spring wheat are reported from Washington and Oregon.

## WHAT HOLY ROLLERS INTEND TO ACCOMPLISH

Young Victim of Mania Thinks People Should Live Now as They Did in the Time of Adam.

Portland, May 3.—"All things will be restored. The world will be again like it was before man fell. This can be brought about only by the way we live here."

Such was the explanation of the "Holy Roller" religion by Urania Florence Seeley, who is now in the safe keeping of the Boys' and Girls' Aid Society, where she was brought from the Holy Roller camp by Sheriff Huston. Since Frank Hurt's family has been sent to the asylum, and this innocent 17-year-old girl has been brought to Portland, the Roller camp is a thing of the past, as the last member is now gone. Miss Seeley said there were 17 members, all but three being women.

Probably more light on this peculiar religion than has hitherto been known to the public was brought out when she answered the query:

"Why do you believe you should not wear shoes, hats and other garments?"

"Adam and Eve were put into the world without clothing," was the girl's answer. It showed that she was still determined to defend the religion she had been wildly following for the past few months.

"That is the way we should live. When Adam fell the world was cursed, and now there is death. There would have been no death if Adam had not sinned. All things will be restored, and we can bring the world back to

that condition by living like the Lord wants us to.

"We did those things at the command of the Lord. We received messages direct from him. Sometimes we would all receive them together.

"Around the camp we read our Bibles and prayed. We did the work about the house."

Although she defended her religion, Miss Seeley would not discuss other subjects when seen today. At times, with a view of defending her peculiar faith, she burst forth with expressions that could be credited to a much older person.

Although she is only 17 years old, she has the experienced look of a much older person. She said she could tell much about her religion, but that she did "not feel just right." She is of light complexion and more than "passing fair."

She seems kind in her disposition, and willingly does what she is told by the officers of the home. This is much unlike the other Holy Roller who was at the home and who was hardly manageable.

She would not say whether she knew where Apostle Creffield is, but she intimated that some of the sect knew. She seems determined in her ways, and does not want to give up her faith. She said the name of her religion was "Restoration of All Things."

In the little Bible which she brought with her are many passages marked with red ink. The majority of these marked passages are confined to the first few chapters of St. Matthew.

#### HARRIMAN SPEAKS OF TRIP.

Crop Conditions Much Better Than Government Reports Indicate.

New York, May 3.—E. H. Harriman, who has just returned from a tour of inspection, says he found conditions in the west and southwest much better than he thought they would be.

Conditions are now so much better that he felt warranted in ordering more equipment for the Harriman roads than he originally intended to order. Regarding the Southern Pacific Mr. Harriman said that the road was now beginning to see daylight in the matter of extraordinary expenses.

Speaking of the Lucin cut-off near Salt Lake which has been a source of great expense and has baffled the skill of the best railway engineers, Harriman said that freight trains were now being run over it, but it was not deemed advisable to carry passengers. Crop conditions in the west and southwest, according to Harriman, were much better than government reports indicated.

#### WILL SUE GAMBLERS.

Widow of H. W. Gowell will Bring Action at Once.

Seattle, Wash., May 3.—Mrs. H. W. Gowell, wife of the advertising man who killed himself yesterday in Portland, said today that she would immediately bring suit against the Portland gambling houses where her husband lost his money. She will also sue the Metropolitan Press of Seattle.

Mrs. Gowell says her husband's shortage is about \$1200. She will be prepared to pay his debts from the life insurance now due.

Mrs. Gowell had prepared to meet all his obligations, and wired to her husband yesterday morning that all arrangements had been made, but the telegram reached Portland after the unfortunate man was dead. The funeral will take place Thursday, as the body will arrive here tomorrow.
